

# **MOSCOW INVESTMENT OPPORTUNITIES. ACTIONS TOWARDS SUSTAINABLE FUTURE AND ACHIEVEMENT OF SDGS**

# 17

## Sustainable Development Goals\*

**Department of Investment and Industrial Policy of Moscow puts into practice projects that are aimed to achieve:**

- SDG 4:** Quality Education
- SDG 8:** Decent Work and Economic Growth
- SDG 9:** Industry, Innovation, and Infrastructure
- SDG 10:** Reduced Inequalities
- SDG 11:** Sustainable Cities and Communities
- SDG 12:** Responsible Consumption and Production
- SDG 13:** Climate Action
- SDG 16:** Peace, Justice and Strong Institutions
- SDG 17:** Partnership for the goals

### FOR INFORMATION:

The Sustainable Development Goals are **the blueprint** to achieve a better and more sustainable future for all. They address the global challenges we face, including poverty, inequality, climate change, environmental degradation, peace and justice.

2015 UN General Assembly adopted the **Agenda 2030** titled «Transforming our world: the 2030 Agenda for Sustainable Development», which contains **17** Sustainable Development Goals and the associated **169** targets.

# SDG 4: Quality Education

The goal is aimed at providing **all girls and boys** with the opportunity **to get a quality education**, acquire important skills for employment, get a decent job and engage in entrepreneurial activity

## HUMAN RESOURCES

### MOSCOW TECHNICAL SCHOOL

is a project designed to ensure productive interaction between **educational and industrial organizations on training of staff**. The project collects requests from industry and then creates **a consolidated need for new personnel**. After that the project team together with relevant scientific and educational organizations **develops new educational programs** that best meet the needs of the city's industry.

### AIMS:

1. **Improving the quality of education** of engineering, technical and research personnel for knowledge-intensive industries
2. **Search** for specialists with **narrow-profile skill set** in a rapidly developing market

**87**

partners

**1200+**

employees of industrial enterprises attended the events of the project

### The project «MOSCOW TECHNICAL SCHOOL»

#### HELPS:

- to formulate and satisfy the needs of industry in a **well and modern educated staff**
- **to improve and fulfil** the scientific and human **potential** of Moscow
- **to create** educational programs **that meet the needs** of the city's industry as much as possible

**Lessons and master classes are being held to popularize technical professions among children**

# SDG 8: Decent Work and Economic Growth

8 DECENT WORK AND  
ECONOMIC GROWTH

The goal is aimed at **ensuring sustainable economic growth**, creating conditions for people to have decent jobs that stimulate economic development without harm to the environment.

## OFFSET AGREEMENTS

### Public procurement on condition of enterprise localization in Moscow

Complies with Russian Federal Law 44-FZ

#### ADVANTAGES FOR THE CITY:

- reduction of procurement price
- import replacement
- guaranteed supply
- new working places
- growth of the tax base

#### PROS FOR THE INVESTOR:

- creditworthy consumer
- long-term sales guarantee
- advantages in next tenders thanks to the status of «sole supplier»

# SDG 9: Industry, Innovation, and Infrastructure

9 INDUSTRY, INNOVATION  
AND INFRASTRUCTURE

The goal is aimed at **developing high-quality, reliable and sustainable infrastructure**, including regional and cross-border infrastructure, in order to support economic development and human well-being

## LAND FOR 1 RUBLE

The rent for the entire lease term of the land plot issued for the design and construction/reconstruction of industrial facilities is set at the rate of **1 (one) ruble per year (almost free)**

## THE RATE IS SET

- in case of amendments to the lease agreement of the land plot, if such changes provide for the design and construction/ reconstruction of capital construction facilities for industrial and industrial purposes
- when providing a land plot for lease to complete the construction of an object of unfinished construction for industrial and industrial purposes; when making a lease agreement for the construction/ reconstruction of industrial and industrial facilities for sale large-scale investment projects

## SPECIAL ECONOMIC ZONE 'TECHNOPOLIS MOSCOW'

**5 AREAS**

**~200**  
high-tech companies

**>223 ha**  
total area

**>13 billion USD**  
investments attracted

**>8 thousands**  
of work places

**93 residents**  
in medical industry, microelectronics, nanotechnology, IT and other fields

## BENEFITS FOR RESIDENTS

- property tax, land tax, transport tax – **0% for 10 years**
- profit tax – **2%** until 2028, **7%** from 2028 to 2032, **14.5%** from 2033
- the regime of the free customs zone (FTZ): imported goods and equipment are **exempt from customs taxes and fees**
- preferential land lease – **2%** of the cadastral value of the land plot and a reduction coefficient: **0.4** - 1 year, **0.5** - 2 year, **0.6** - 3 year, **0.7** from 4 to 8 years
- when the facility is put into operation, the resident has the right to buy the plot for **1%** of the cadastral value

# SDG 10: Reduced Inequalities

10 REDUCED  
INEQUALITIES  

The goal is aimed at supporting and encouraging **the active participation of all people** in social, economic and political life, regardless of their age, gender, disability, race, ethnicity, origin, religion and economic status

## MOSCOW PHOTONICS CLUSTER

- Creation of active and passive photonic integrated circuits
- Research in the field of quantum photonics

JSC «KIBERTECH»

«SKOLTECH»

«National Research University  
of Electronic Technology»

### KEY PLAYERS

## FEDERAL CENTER FOR UNMANNED AERIAL SYSTEMS (UAS)

- Scientific and educational activity
- Development of UAS
- Flight test centre

«Sistema» Public JSC

Autonomous non-profit  
organization «NTI platform»

### KEY PLAYERS

## INTERSECTORAL E-CARS CLUSTER

- Cooperation of E-cars spare parts manufacturers
- Production of automotive components for E-transport
- Production of rechargeable batteries for the electrobuses and other types of E-transport

JSC «MOSKVICH»

OOO «ELECTROMOBILES MANUFACTURING RUS»

### KEY PLAYERS

## MOSCOW PHARMACY CLUSTER

- Development and organization of high-tech innovative production of medicines
- Development and organization of production of high-tech medical equipment and other medical products

GK «PHARMSTANDART»

GK «R-PHARM»

PHARMHOLDING «BRIGHT WAY GROUP»

### KEY PLAYERS

# SDG 13: Climate Action

The goal aims to take urgent action to combat climate change and its impacts

## CONCESSION

### KEY FEATURES OF THE CONCESSION:

- attracts investments to the city's economy
- allows to transfer socially significant functions of the city to the investor
- the long-term nature of the transaction up to 49 years
- the investor not only creates, but also operates the object

As part of the concession agreement, Moscow is already implementing **the project «Construction of a sludge drying plant»**.

Drying is the most environmentally friendly way of disposal of sludge, which allows you to get the salable products

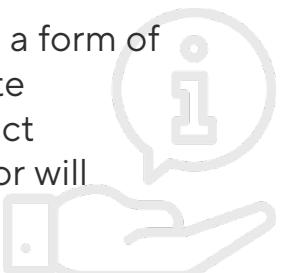

**industry:** water supply and sanitation

**main participants:** Moscow (concedent) and LLC "Grintech" (concessionaire)

**investment volume: 26.9 billion rubles**

**implementation period:** 21 years and 3 months

**A concession or concession agreement** is a form of public-private partnership in which a private business undertakes to create or reconstruct property, the ownership of which belongs or will belong to the city

# SDG 16: Peace, Justice and Strong Institutions

The goal dedicated to the promotion of peaceful and inclusive societies for sustainable development, the provision of access to justice for all, and building effective, accountable institutions at all levels

### WHO CAN PARTICIPATE IN CERTIFICATION PROCESS?

Any organization, **regardless** of the **region** of location and registration, whose actual type of activity falls into **the following list**:

MANUFACTURING INDUSTRY

COMMERCE

HOSPITALITY AND FOOD SERVICES

SCIENTIFIC ACTIVITIES

IT

STATE AND MUNICIPAL MANAGEMENT

**Start of the ESG-certification has been set for 2023**

Certification will be carried out by a body subordinate to the Moscow Government **on a free basis**

The organization's passing of the procedures for **assessing and confirming** compliance with the ESG criteria established by the Moscow City Certification Center

17 PARTNERSHIPS  
FOR THE GOALS

# SDG 17: Partnership for the goals

The goal aims to enhance North-South and South-South cooperation by supporting national plans to achieve all the targets

## PILOT PROJECT WITH SINGLE-INDUSTRY TOWNS

### AIM

- Improving the quality of life and socio-economic development of single-industry towns by organizing work on the implementation and evaluation of the achievement of the SDGs as a new tool of urban management and development

### 12 SINGLE-INDUSTRY TOWNS THAT PARTICIPATED IN THE PILOT PROJECT

1. Naberezhnye Chelny, Republic of Tatarstan
2. Zlatoust, Chelyabinsk region
3. Prokopyevsk, Kemerovo region
4. Togliatti, Samara region
5. Cherepovets, Vologda region
6. Magnitogorsk, Chelyabinsk region
7. Nizhny Tagil, Sverdlovsk region
8. Nizhnekamsk, Republic of Tatarstan
9. Novokuznetsk, Kemerovo region
10. Norilsk, Krasnoyarsk region
11. Severodvinsk, Arkhangelsk region
12. Kamensk-Uralsky, Sverdlovsk region

17 PARTNERSHIPS  
FOR THE GOALS

# SDG 17: Partnership for the goals

The goal aims to enhance North-South and South-South cooperation by supporting national plans to achieve all the targets

## ESG-RATING OF THE EAEU CITIES AND REGIONS

### GOALS:

- **Scoring and ranking of cities** according to achievements in the field of ESG
- **Problem area identification of and search for new growth points** in cities, focusing on key international trends
- **Formation of stable ties** between the EAEU cities
- **Best practices Exchange** in sustainable development

### TASKS:

- **Conducting an assessment of the cities activities** aimed at creating a sustainable environment and implementing the ESG agenda
- **Opportunities identification for intensive implementation of ESG** projects and programs on the EAEU territory
- **Joint projects development** aimed at involving business and society in the ESG agenda

### RESULTS:

- Increasing in business environment confidence of the EAEU members
- Stimulating the movement of capital and labor within the EAEU
- Acceleration of the national development strategies implementation of the EAEU members in the field of ESG
